ROOMS & SUITES

THE ARTS CLUB

Dear Member,

After months of passion and dedication choosing the best fabrics, the most comfortable mattresses, the finest linen, the most elegant furniture, the best in technology and the most talented staff, we are now proud to announce the beginning of a new chapter for The Arts Club with the launch of our beautiful rooms and suites.

Every detail has been considered with you and your comfort in mind, and the rooms maintain the same 'fil rouge' as the rest of the Club with exquisite art, elegant surroundings and incredible food.

I am very much looking forward to meeting you in person over the coming weeks and months but, in the meantime, I will be delighted to answer to all your queries directly at the Club or by email to simone@theartsclub.co.uk

Yours sincerely,

Simone Moretti

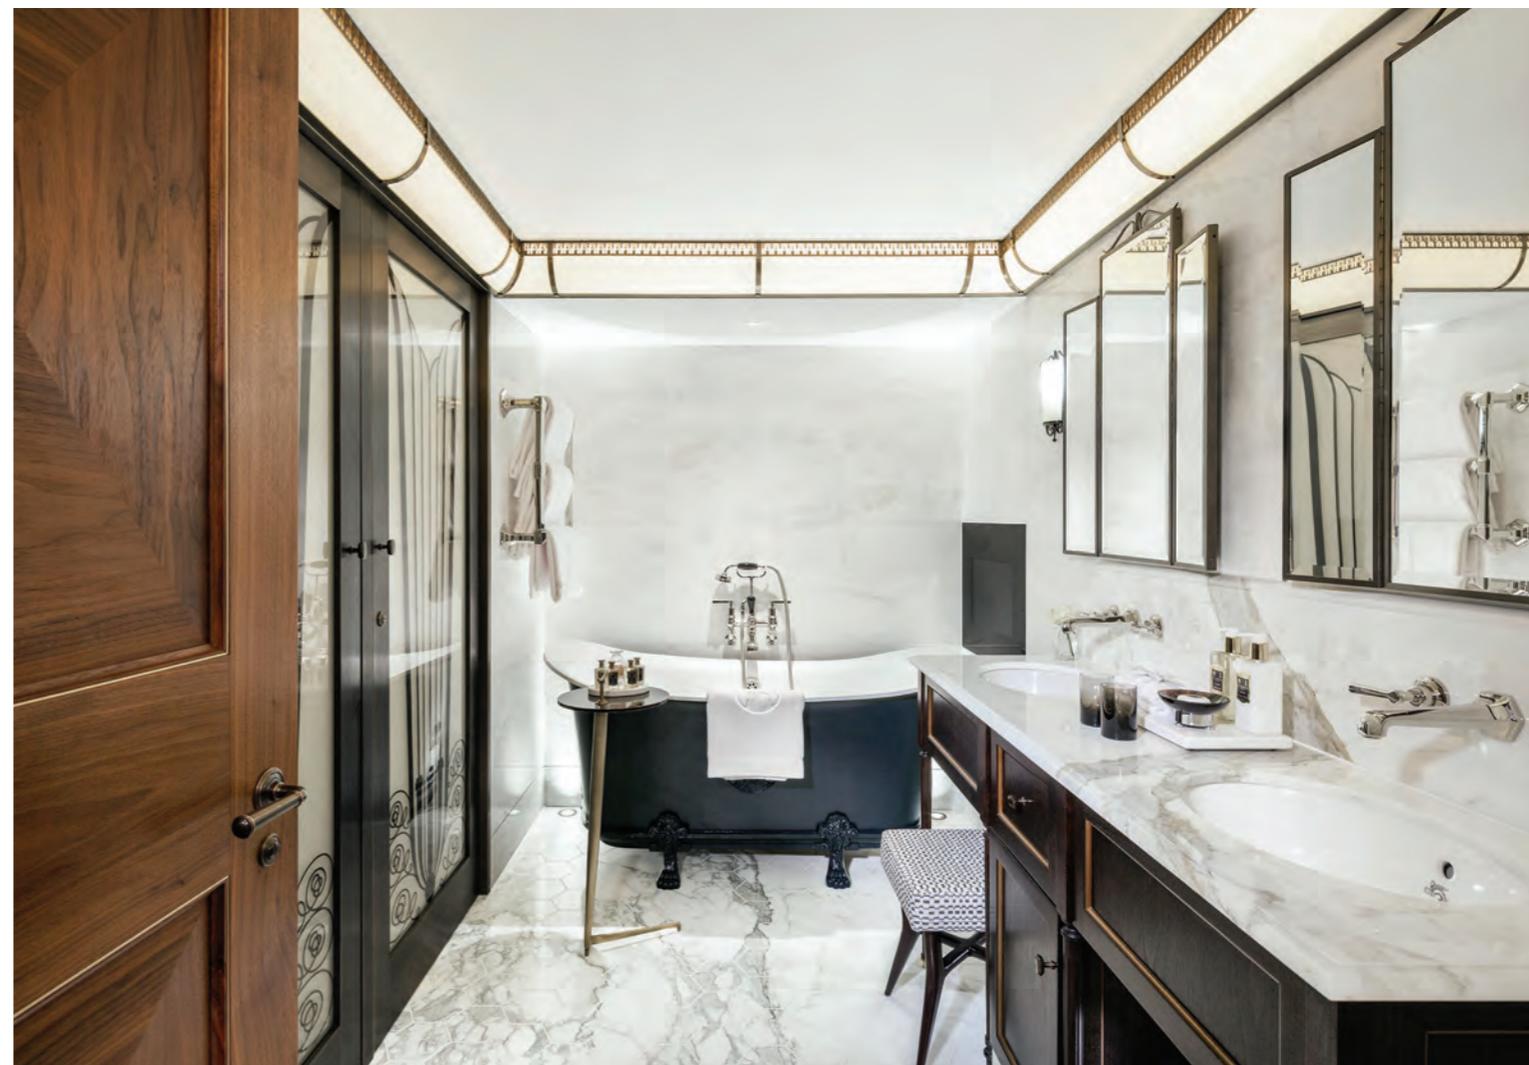

GENERAL MANAGER

40 DOVER STREET MAYFAIR LONDON W1S 4NP

Already comprising three restaurants, two bars, a nightclub and one of the most beautiful gardens in Mayfair, we are delighted to be adding 16 elegant rooms and suites to the Club, some with private terraces, for the use of both Members and their guests. The Penthouse has its own private roof terrace too, enabling your landmark celebrations to be set against the London skyline.

With 24 hour room service, personal butlers, chauffeurs, our own 'golden keys' concierge, personal training from our neighbour, Matt Roberts, and a dedicated team on hand to assist you from the very beginning of your reservation through to your departure, we will ensure you have a perfect and truly personalised stay.

At the helm of this project has been interior designer, David d'Almada of Sagrada, who oversaw the Club's original refurbishment in 2011. Bringing his vast experience of designing spaces which combine unsurpassed comfort with discreet style and design, David has created beautiful, tranquil and elegant spaces for Members to escape into.

As always, the focus has been placed heavily on the materials used, ranging from cashmere and linen through to exotic sustained hardwoods and bespoke tiling. Hand-tufted rugs and unique furniture abound in every room and each detail has been considered with our Members' comfort in mind.

Adorning the walls you will find an eclectic photography collection, including works by world-renowned artists such as Nobuyoshi Araki and Guy Bourdin, as well as pieces from exciting newcomers such as Sarah Choo Jing and Eva Stenram.

As well as offering Members a home away from home, the suites are also the perfect venue for private functions and events.

Our chefs will be at your disposal to cater for breakfasts, lunches and dinners, or for our signature canapés which are perfect for drinks receptions and more informal gatherings.

For any enquiries, please contact Hannah Westaway at Hannah@theartsclub.co.uk
